Learn, explore, have fun, and stay safe!

If you have access to an outdoor space, whether it's your own backyard, a park, or any other land near your home, use our springtime Backyard Bingo to stay grounded and help kids discover the outdoors. You can even get a lot of the squares just looking out the window!

When you see one of the items on the board, check it off. Get five squares in a row in any direction for Bingo. Then try for another row, or even fill the board!

Thanks for playing and enjoy the outdoors!
